

Moderna COVID-19 Vaccine

Beyond Use Date/Time (BUD) Tracking Label for Vaccine During Refrigerator Storage

COVID-19 vaccine (Moderna) may be stored in the refrigerator between 2°C and 8°C (36°F and 46°F) for up to 30 days.

1. Remove the vaccine vials from the freezer.
2. Complete the information on the storage label and attach it to the box or container holding the vaccine vials.
3. Once labeled, store vaccine vials upright in the refrigerator between 2°C and 8°C (36°F and 46°F) for up to 30 days.

After 30 days, remove any remaining vials from the refrigerator and discard. Follow the manufacturer's and your jurisdiction's guidance on proper disposal.

Do **NOT** refreeze thawed vaccine.

Note: Storage labels on page 2 are formatted to print on 4" x 3-1/3" adhesive labels. We are unable to format for other size labels. If this size label is not available, print on paper and tape to container holding the vaccine.

REMEMBER!

Use vaccine vials stored in the refrigerator **before** removing additional vials from the freezer.
