

STATE OF ALABAMA CMP FUNDED PROJECT INFORMATION

Project Title	Project Start Date	Project End Date	Awarded Amount	Entity Funded	Project Summary
Bingoize	January 1, 2021	December 31, 2023	\$948,718.00	Auburn University at Montgomery	Bingocize is an evidence-based health promotion program that combines exercise and the game of bingo. Improving the quality of life for residents and improving functional performance leading to improvements in activities of daily living and reduced fall risk. Residents participating in Bingocize will have the opportunity to socially engage and communicate with other residents as well as staff and university faculty and students. This program will educate university students, who are the future workforce, in the best practices for working with older adults in long-term care.
Cares Dementia Program	March 1, 2023	February 29, 2024	\$311,241.00	Alabama Nursing Home Association	The Alabama Nursing Home Association will offer training to multiple nursing homes statewide to enhance the quality of care provided. The training, including CARES Dementia Basics and CARES Dementia-Related Behavior, aims to improve caregivers' knowledge of best practices for residents with dementia. Participating staff members can earn CARES certifications, which may be required for essential certification. The project involves in-person sessions to train and support champions at each participating home, fostering a culture change and facilitating program completion.
Fewer Drugs and Bugs	June 21, 2021	May 31, 2024	\$1,660,812.00	The University of Alabama at Birmingham	The project will decrease antipsychotic drug use and preventable infections in nursing home residents by leveraging the Head-to-Toe Infection Prevention Program with Care-Resistant Behavior Dementia Training.
Virtual Dementia Tour Comprehensive Experiential Education Program	November 1, 2021	October 31, 2024	\$1,120,044.16	Second Wind Dreams	This evidence-based, patented program is an educational tool to assist people in identifying with and better understanding the needs of those living with dementia which results in a relationship between caregiver and resident based on increased understanding.
