Notifiable Disease Rules Updated List of Reportable Conditions, Effective 8/4/2018

The Alabama Department of Public Health, Bureau of Communicable Disease, updated the [Notifiable Disease Rules \(Chapter 420-4-1\)](#). All of the changes are within the Standard Notification Disease/Condition section for conditions reportable within five days of diagnosis.

Reportable Conditions Updated:

Removed - Asthma

Added - Acute flaccid myelitis

Coccidioidomycosis

Cyclosporiasis

Hantavirus pulmonary syndrome

Hepatitis B & C chronic

All hepatitis B & C lab results (includes positive and negative results)

Influenza-associated deaths (now includes non-pediatric deaths also)

Perinatal hepatitis B (explicitly added)

Toxic shock syndrome (non-streptococcal)

Zika virus (explicitly added)

If you have any questions, contact Bureau of Communicable Disease, Infectious Diseases & Outbreaks Division, at 1-800-338-8374. To schedule a 1-hour Notifiable Disease Continuing Education Training for you and your staff to review the changes, go to alabamapublichealth.gov/infectiousdiseases or call 1-800-338-8374.
