The Alabama Department of Public Health will implement Child Injury & Death Scene Re-enactment and Scene Reconstruction; SUIDI Trainings. This training session will stress the techniques and benefits of scene re-enactment and scene reconstruction in child abuse and death investigations as well as provide SUIDI training. Attendees will learn the skills needed to provide an investigation that will lead to a more accurate determination of the cause of injury and persons responsible.

REGISTRATION REQUIRED. CONTINUING EDUCATION UNITS AVAILABLE.
