

ALABAMA RADON MITIGATION PROVIDERS (As of December 07, 2017)

Two organizations maintain professional listings of radon mitigation service providers who have had a specific training and/or passed a written test on reducing radon in homes or other buildings: the American Association of Radon Scientist and Technologists, Inc. (AARST) and the National Radon Safety Board (NRSB). Being listed in this report is not an endorsement by the Alabama Department of Public Health or the Alabama Radon Program. We do not recommend one company or individual over another, however we do recommend Alabama mitigator services over out of state service providers simply for the added cost of extra travel. As with any contractor, ask questions until you are satisfied that they can do the job.

The following list of Mitigation Service Providers for Alabama was derived from the AARST and NRSB Web site listings. For more information, contact the Alabama Department of Public Health, 1-800-582-1866, or the Web sites for AARST (<http://www.nrpp.info>) or NRSB (<http://www.nrsb.org>).
