DRESS CODE

The Selma City Board of Education has the responsibility to maintain an appropriate atmosphere conducive to learning. Therefore, any student-worn article of clothing or manner of hair style or make-up determined by the teachers and principals to be disruptive of the learning environment or hazardous to the health and safety of the child and/or teacher shall not be permitted.

The primary guide in determining what is not appropriate is the extent to which such dress and grooming attract undue attention in the classroom or school.

If the principal determines that the student's dress or grooming is unacceptable, a letter shall be sent home to the parent for the first offense only (Violation 1.07). Akk = any subsequent violations will result in corporal punishment, after school detention, in school suspension, or out of school suspension (Defiance of School Board Employee’s Authority--Violation 2.01).

STANDARD DRESS CODE

Research indicates that schools with a standard dress code have fewer discipline problems and higher academic performance. Student self-esteem is also higher in such schools. A standard dress code allows students to focus on academic competition rather than on peer pressure related to fads and/or costly attire. Therefore, the City School Board of Selma requests that students abide by a standard dress code.
