ATTENTION ALL PROVIDERS

Potential HIV Screening Delay

- Due to a manufacturing issue, HIV screening may be delayed starting 7/15/2024.
- Current HIV test kits expire this Saturday. Bio-Rad, our HIV kit manufacturer, does not anticipate having new kits available for release until 7/17/2024.
- The BCL can continue accepting HIV screening specimens next week, but they will be frozen at -20°C until the new, in-date kits are received. We will inform providers when the new kits are received.
